

Fall 2014

Dear Parents,

This year, Libertyville is using Wixie. Wixie is a web site where your child can write, paint pictures, and tell stories.

Wixie is an online tool, available wherever Internet is available, including tablets, laptops and desktops. And Wixie is available 24/7 and may be accessed from home, as well as school.

**See what your child has been making in Wixie!**

If your child wants to work in Wixie at home, go to:

**<<http://libertyville.wixie.com>>**

Your student can log in using his/her district login information.

Wixie runs on a variety of devices, including:

- **iPads** through an iPad app available in the **App Store**.
- **Android tablets** through an app\* available on **Google Play**.  
\*Requires minimum resolution of 960 x 720.
- **Kindle Fire HDs** through through **Amazon**.
- **Chromebooks** through an app available at the **Chrome Store**.
- **Windows** and **OSX** computers with **Flash 11-capable** browsers.

Please head to [www.tech4learning.com/wixie/pricing](http://www.tech4learning.com/wixie/pricing) to find links that will help you get Wixie running on your device.

We are excited to be using this 21<sup>st</sup> century communication tool at <school>. If you have any questions about Wixie, or concerns about using it at home, please let me know.

Sincerely,

Pam Imholz

D70 Director of Technology
